## 2016 ANNUAL REPORT

**BE NOBLE.**  
NOBLE EFFORTS CHANGE LIVES.

Dear Friends,

We are pleased to share with you the Noble Network of Charter Schools' 2016 Annual Report. As Chairman of the Board of Directors and Chief Executive Officer, we are grateful that Noble continues to positively impact and serve families and communities across Chicago.

During the 2015-2016 school year, Noble served over 10,000 students at 17 campuses while maintaining our position as the city's highest performing non-selective public high schools, claiming eight of the top ten highest scores for the ACT in Chicago Public Schools. In keeping with the incredible success of years past, 90% of our graduates in the Class of 2016 enrolled in college.

Our alumni continue to succeed at colleges and universities across the country. With the Class of 2016, Noble counts 8,300 alumni among its extended family. College acceptances for recent graduates include over 500 to the University of Illinois flagship campus, every Ivy League university, over 100 to the University of Michigan, and several federal service academies. The Class of 2016 earned an astonishing \$382 million in college scholarships, which is over one third of all scholarship dollars awarded to CPS students despite Noble constituting less than 10% of the citywide senior class.

In the fall, Noble was proud to win approval from the Chicago Board of Education to open Mansueto High School on the Southwest Side of Chicago. In response to overwhelming community demand and supported by the generosity of Joe and Rika Mansueto, this new high school will bring a local Noble option to thousands of families who otherwise must travel long distances to choose Noble for their students. It will open in a temporary location in the summer of 2016 while a brand new building is constructed, and we look forward to welcoming MHS students and families into the broader Noble community next school year.

We remain extremely grateful to have such strong supporters, partners, and champions that enable us to do this work. Your commitment is unwavering, and your generous support provides access to opportunity and a better life for thousands of students across Chicago every day. On behalf of the entire Noble family of students, teachers, administrators, and board members, we would like to say thank you.

Sincerely,

**ALLAN MUCHIN**

## BAKER COLLEGE PREP

Baker College Prep's mission is that students will become civic-minded college graduates who create positive change in their communities. As part of their civic engagement, students complete a minimum of 70 hours of community service in addition to hosting coat, book, and canned food drives. Part of the Advisory curriculum includes the study and discussion of current events and how they impact the communities in which they live. As 9<sup>th</sup> graders, students participate in our "Be The Change" Civics Fair where they present research papers that address pressing problems in their communities. All academic courses focus on equipping students with the tools to persist through college to be able to become problem-solvers who can create positive change. Students in the first graduating class are well on their way to achieving this mission.

## BUTLER COLLEGE PREP

In its short history, Butler College Prep has established itself as a high quality institution serving the Far South Side of Chicago. Butler is proud that the school's reputation as a place that proudly educates the whole child, now precedes itself. One campus offering that helps with character development are the weekly martial arts classes which provide students with a structure that enforces the development of strong personal values including self-discipline, self-esteem, respect, perseverance, and commitment that will help them be successful in college and as adults. Butler is excited for our founding class as they move into their senior year next year and will soon be a part of the Noble alumni network.

At Butler College Prep, to **BE NOBLE** means that Leaders (students) are incredibly invested in their education and how it impacts their future.

### CHICAGO BULLS COLLEGE PREP

Chicago Bulls College Prep uniquely teaches all courses through our discussion-based instructional approach. Students spend the majority of class discussing, questioning, and defending their ideas with evidence. Our students deepen their conceptual understanding of complex topics while building their math and literacy skills via high engagement with their peers. Students are taught to constantly ask and answer the key question when it comes to deepening academic rigor: "Why?". This method empowers students to continue high-quality learning outside of the classroom. In addition to our rigorous academic program, our students engage in a robust health and fitness program founded on the principles of functional movement. Our high bar with academics, health, fitness, and self-discipline have ensured five classes of graduates with 100% college acceptance. We have had five students earn the prestigious Questbridge scholarship over the last two years.

At Chicago Bulls College Prep, to **BE NOBLE**

### DRW COLLEGE PREP

DRW College Prep is proud to have graduated our founding class this year – who started with us in 2012 and will soon go on to be college freshmen on campuses across the country. From schools here in Chicago to Illinois to the East and West Coasts, DRW alumni will apply the lessons they learned here to find success in college. Back on campus, we have continued our focus on academic growth, strong school culture, and social-emotional development. Academically, many of our teachers are incorporating a student-centered, discussion-based model of teaching that pushes students to learn collaboratively. We have strengthened our school culture by partnering with agencies in the Nichols Tower such as the School of the Art Institute of Chicago, Free Spirit Media, and Turning the Page to provide our students with enriching opportunities to learn and serve. Finally, we continue to support our students' social-emotional growth through our Peer Mediator Team, mentoring partnerships, and advisory curriculum.

At DRW, to **BE NOBLE** is to chase down college and change the game.

## GARY COMER COLLEGE PREP

After growing up in the Greater Grand Crossing neighborhood on Chicago's South Side, the late Gary Comer went on to become a world-class competitive sailor, founder of the direct merchant company Lands End in 1963, and a great entrepreneur and philanthropist. Gary's passion and dedication to the improvement of lives led to the founding of the Comer Science and Education Foundation. The Foundation's core mission, to improve urban education and the lives of children, was realized with the opening of the Gary Comer Youth Center in May 2006. The center's mission is to provide the support for all of its students to graduate from high school, prepared to pursue college and careers. Two years after the Youth Center's inauguration, Gary Comer College Prep was opened, providing the next step of support to students in their pursuit of a college education.

At Gary Comer College Prep, to **BE NOBLE** is caring for our community.

Our vision is to develop well-rounded and successful college graduates with exceptional strength of character. Our scholars started the year strong toward fulfilling that vision with incredible results across all three grade levels. For Reading and Math, we are part of the Achievement Network, which is a nation-wide network of schools that share common quarterly assessments. We were in the top 15 out of 120+ schools across all three grade levels in English Language Arts performance, and we were in the top 3 out of 80+ schools across all three grade levels in Math performance. Sixth and eighth grade math achieved the best overall results in the network.

At GCMS, to **BE NOBLE** is to work relentlessly to close the achievement gap.

Our students support each other in tackling the high academic and cultural expectations of our school through our peer mentoring program. Forty junior and senior mentors meet twice a week with their freshman and sophomore mentees. During this time they participate in team building activities and discuss their progress toward their individual goals. In addition to the mentoring program, Golder students participate in a variety of clubs and sports. The TaeKwonDo team competes in tournaments throughout the Midwest. Golder's theater club is putting on a production of *The Outsiders*. The Chicago Cultural Club spends their afternoons and weekends learning about and exploring the many unique neighborhoods of Chicago.

Hansberry College Prep was the first charter in the state of Illinois to become an International Baccalaureate World School - 50% of HCP's juniors and seniors are enrolled in IB classes. Hansberry proudly graduated its founding class this year. The first class of graduates achieved 100% college or university acceptance and earned \$9.2 million in scholarships. The Class of 2016 also included both Posse and Questbridge scholars. Hansberry offers dance as a class and enrichment, which provides students with structure and confidence. Bengal Dance Collective competed in the Noble dance competition and won 1<sup>st</sup> place. Students at Hansberry are striving for nothing less than success as they achieve academic success and creative expression through the many enrichment programs offered like poetry club, drama club, and step team.

At Hansberry College Prep, to **BE NOBLE** is to develop the collaboration, persistence, and reflection necessary to achieve success in college.

Located in the Belmont Cragin neighborhood, ITW David Speer Academy opened its doors in 2014. We prepare our students, “future innovators” as we call them, with the scholarship, discipline, and honor necessary for them to succeed in college and beyond. We provide a world class STEM curriculum, opportunity for 100% of our students to attend Summer of a Lifetime during the summer after sophomore year, and internships in the STEM field during senior year. Speer Academy works in close partnership with the community by organizing fun and educational events throughout the year, such as the Spooky STEM Fest in October and our Pride Summer Academic Athletic Camp.

At Speer Academy, to **BE NOBLE** is to be globally aware world citizens whose academic rigor, intellectual curiosity, and personal integrity will open doors to prestigious colleges, competitive careers, and fulfilling lives.

Johnson College Prep graduated its third class of seniors in the spring of 2016. The Class of 2016 graduated in June with 100% acceptance to four-year colleges and universities. The seniors affirmed their commitment to continued education by signing a pledge to graduate college at our third annual College Signing Day. As a class, students collectively earned \$10 million in grants and scholarships and approximately 90% successfully enrolled in college in the fall. Schoolwide highlights from this year included an international trip, the establishment of a new partnership with the National Math and Science Initiative, and the introduction of new campus-wide Puma P.R.I.D.E. values. In 2016-17, Johnson looks forward to another 100+ alumni arriving on college campuses and the continued expansion of academic and extracurricular offerings at the campus.

At Johnson College Prep, to **BE NOBLE** is to show Puma P.R.I.D.E – perseverance, responsibility, integrity, discipline, and excellence.

In 2016, Muchin scholars took what they learned in class and applied it to the real world of engineering. The inaugural Muchin Robotics Team placed first among 117 teams at the regional SeaPerch robotics competition. Scholars worked for months to build an underwater robot and programmed it to maneuver the submerged obstacle course with precision. In May, six robotics team members and their coaches traveled to Baton Rouge to compete at the national level. To close out the year, all 876 of our scholars participated in class trips including camping, skiing in the Wisconsin Dells, and college tours in Illinois and New York City. These annual trips are enriching experiences that Muchin scholars enjoy at little or no cost.

At Muchin College Prep, to **BE NOBLE** is to become an intrinsically motivated, socially responsible, and well-rounded college graduate.

This year, students had the opportunity to learn how to blow glass via our partnership with Ignite Glass Studio. Noble Street has also partnered with Young Chicago Authors to host its second regional slam competition. Noble Street has also competed in the University of Wisconsin-Whitewater Annual Creative Writing Festival (the largest regional creative-writing competition in the country), featuring more than 800 teen writers, largely from performing arts organizations and high schools. Since 2013, Noble Street has won in a competitive category and has received honorable mention in the competition. With ten years under our belt, over 600 alumni in college, and nearly 100 alumni who have graduated from a 4-year college, we are proving time and time again the power of a Pritzker College Prep education. This year we became an official International Baccalaureate school. We also earned one of the city's highest ACT scores, reaching a 21.9 school average. Our Concert Choir, Jazz Band, and Debate teams all received excellent rankings and awards at their respective events. Our MCJROTC program earned 1<sup>st</sup> place in many city and nationwide competitions. We also won six Noble Athletic Conference titles including Boy's and Girl's Cross Country, Football, Cheerleading, Girl's Rugby, and Soccer. The campus also continues to develop our STEM, Russian, and Journalism programs. We are proud to offer our students a holistic education.

With a decade of service to Chicago under our belt, Rauner College Prep continues to excel at preparing scholars to succeed in college and lead exemplary lives. The STEM Honors Program is growing and hosted the 1<sup>st</sup> Annual Noble STEM Expo. This event connected more than 300 Chicago students to 52 STEM professionals from around the country. Students engaged in various STEM activities and conversations which exposed them to a wide range of topics and careers. Students also served more than 6,000 volunteer hours around the surrounding Chicago community because Rauner Wildcats are empowered to develop civic awareness and get actively involved. The Rauner community was particularly proud to celebrate three seniors who received full scholarships through the POSSE Foundation.

The Noble Academy, located in Old Town, is one of the most diverse schools in the Noble Network. The Noble Academy is a unique collaboration between Noble and Phillips Exeter Academy of New Hampshire that brings the Harkness® Method of instruction to Chicago. The Harkness Method is based on student-directed, discussion-based learning, which gives students the opportunity to own their individual learning process and take responsibility for their understanding. Students take pride in their academic results and in the school's family-like feel, emphasis on core values such as taking risks and having pride in one another, and programs such as the Early College Scholars.

At The Noble Academy, to **BE NOBLE** is to engage in a new era of student-centered learning.
